

THREE BADLY INJURED IN AUTOMOBILE CRASH

George F. Linthicum of Gaithersburg, Md., at Hospital in Critical Condition.

Special Dispatch to The Star.
ROCKVILLE, Md., May 21.—George F. Linthicum, a merchant of Gaithersburg; his son, Smith Linthicum, and Theodore Ricketts of Rockville were seriously injured in an automobile accident at Gaithersburg this morning. Mr. Linthicum's jaw was broken, his teeth knocked out, his collarbone broken and he received other injuries. Ricketts' injuries consisted of a bad scalp wound and many bruises.

In a Critical Condition.
Physicians who attended the victims said that the condition of the three was serious. The father and son were taken to Sibley Hospital in Washington for treatment. Young Ricketts was brought to his home in this place. While speeding in Mr. Linthicum's machine, Gaithersburg, early this morning the auto collided with a heavily loaded truck belonging to the Motor Truck Company of Washington. The truck makes daily trips between Laytonville and Washington loaded to its full capacity with milk for the city dealers.

The collision occurred just at the edge of Gaithersburg, where the road makes a sharp turn. Linthicum's machine was traveling at a high rate of speed and had no time to avoid the heavy truck, which was driven by two negroes. In the smash-up the auto was demolished and its three passengers were removed from the wreck unconscious. Physicians who were hastily summoned succeeded in reviving the three men, and the two Linthicums were taken to Washington at once, as it was found their injuries were serious. Sheriff Peyton Whalen investigated the accident today and said that if he found it was due to carelessness or illegally fast driving he would make arrests.

REBELS TO MILL COTTON.

Injunction Obtained by Spanish Refugees Leads to Decision.

GUAYMAS, Mex., May 21.—The cotton industry here is threatened by the battle of the cottons. The battle of the cottons is being fought in the state of Sonora, where the plans of the constitutionalists are being brought to completion.

The Spanish refugees from whom the cotton was confiscated have procured an injunction from the United States courts preventing the shipment of the cotton through the United States. An effort was made to arrange a compromise between the Spaniards and the constitutionalists. This effort failed and the constitutionalists have announced today that the cotton would be manufactured into cloth in the Mexican mills and sold in the market, instead of the raw state.

Avenger of Assault Convicted.
GREENSBURG, Pa., May 21.—Dr. Martin E. Griffith of Monessen, Pa., was convicted here today of voluntary manslaughter in having caused the death of William J. Robinson, a Pittsburgh music teacher. Testimony for the defense was that Dr. Griffith had forcibly operated on Robinson, who, he alleged, had assaulted Mrs. Griffith in her home.

ELECTION OF M. E. BISHOPS NOT TO BE HELD NOW

Conference Approves Retirement of Alpheus W. Wilson of Baltimore. Acts on Vanderbilt University.

OKLAHOMA CITY, Okla., May 21.—Adopting the recommendations of the committee of episcopacy, the general conference of the Methodist Episcopal Church South last night approved the retirement of Bishop Alpheus W. Wilson of Baltimore, senior member of the college of bishops, because of an advanced age; granted Bishop E. E. Hoss a year's release from active duties on account of ill health; voted non-concurrence in charges of maladministration preferred against Bishop Morrison and endorsed the suggestion of the committee that no bishops be elected at the present meeting.

The conference also voted an expression of appreciation to Bishop Hoss for his effort to retain control for the church in Vanderbilt University; directed that Bishop J. S. Key be continued on the retired list and refused to change the law as to the tenure of presiding elders.

The conference adopted a majority committee report which provided for the church as a whole to continue to exercise such control as it may retain with regard to Vanderbilt University until a commission named for that purpose "completes the transfer" of the rights of the church to the eight original practicing elders of Washington.

Immediately after the opening exercises today a resolution was adopted endorsing the declaration of the general council of the Church of Christ in America for equal rights and complete justice for all men, uniform divorce laws, proper regulation of marriage and other social reforms.

Another resolution was adopted instructing all boards to withhold any money in their hands for Vanderbilt University until the Vanderbilt board of trustees, authorized under the report adopted yesterday, shall authorize such payments.

AD ASSOCIATION IS FORMED.

Chicago Organization Will Look After Verification of Circulation.

CHICAGO, May 21.—Publishers, advertisers and advertising agencies have organized here for mutual benefit by regular investigation and verification of the circulation of advertising mediums. The new organization was named the Advertising Audit Association and Bureau of Verified Circulation. Its charter of membership includes 250 newspapers in the United States, 9 Canadian newspapers, 75 magazines, 10 advertising agencies, 20 magazines, 12 weekly newspapers, 50 agricultural publications, 61 trade journals and 5 advertising journals.

NO SUFFRAGE HEARINGS.

Chairman Henry Explains to Delegation House Committee Situation.

No hearings on the Mondell suffrage amendment will be granted by the House committee on rules at this session, according to a statement made yesterday afternoon by Chairman Henry to two delegations of women which visited him at the Capitol.

Representative Henry told the delegations that unless the democratic caucus allowed the House to place the suffrage question on the regular legislative calendar at the end of the session, the rule could not bring in a rule making the Mondell resolution for suffrage by constitutional amendment privileged.

FEAST OF THE ASCENSION IS OBSERVED IN CHURCHES

Protestant Episcopal, Lutheran and Roman Catholic Churches Hold Special Services.

Today is the feast of the Ascension, marking the ascension of Christ into heaven, forty days after His resurrection from the tomb, and in Protestant Episcopal, Lutheran and Roman Catholic churches special services were held in observance of the date.

In the Bethlehem Chapel of the Holy Nativity at Mount St. Alban the Bishop of Washington was the preacher of the sermon at a service held at 11 o'clock. At that time attention also was called to the fact that this afternoon at 4 o'clock the bishop's house at Mount St. Alban, the exterior of which is completed, will be blessed at a special service.

Bishop Harding also will be the preacher at this service. Rev. William J. Carroll of the assistant clergy of St. Patrick's Roman Catholic Church, was the celebrant at the solemn high mass held there at 10 o'clock.

PRISON FOR STEPHEN R. DOW.

Broker Must Serve From Eight to Twelve Years.

BOSTON, May 21.—Stephen R. Dow, a member of the stock exchange, must serve a prison sentence of from eight to twelve years, the supreme court today overruling a bill of exceptions to his convictions for conversion.

The brokerage firm of Stephen R. Dow & Co., of which Dow was the head, failed in December, 1912. Subsequently Dow was convicted of conversion of \$25,000 from the Algonquin Mining Company, \$50,000 from the Indiana Mining Company and \$105,000 from the Franklin Mining Company, corporations of which he was president. He based his exception on the claim that the statutes did not apply in his case.

Good Progress on District Bill.

The conferees of the Senate and House on the District appropriation bill will meet again tomorrow afternoon at 2 o'clock. There was no meeting today. Good progress, it is understood, was made by the conferees in settling differences between the two Houses yesterday afternoon. However, none of the most important matters at issue between the Senate and House were touched upon. It is said.

Zentaro Kawase, professor of forestry at the Imperial University of Tokio, Japan, has been making a tour of the national forests of this country to learn the government's methods of selling timber and of reforestation.

THREATENED IN MEXICO CITY.

Patriotism of Dr. Whittlesey's Children Force Him to Leave Country.

KANSAS CITY, Mo., May 21.—Patriotism and reverence for the American flag of his two children—Mariana, nine years old, and Horace, six years old—drove Dr. Horace G. Whittlesey out of Mexico. Dr. Whittlesey, who has been in Mexico City for several years, arrived here today to visit relatives.

About ten days ago there were anti-American demonstrations and mob attacks on the Whittlesey family was threatened with violence. In the midst of this the two children paraded through the streets waving American flags. The children were captured by their parents and the flags hidden. But the feeling against the family rapidly became more bitter until Dr. Whittlesey decided to leave the country.

Shaft to Strikers' Dead Proposed.

TRINIDAD, Col., May 21.—A movement to purchase the site of the destroyed Ludlow tent colony and erect a monument to the women and children who died in the battle of April 29 was started today at strike headquarters here. The site of the burned camp is a part of a large tract owned by the United Mine Workers of America. The new colony is being constructed outside the ruins of the settlement.
